## What is the TSU Athletic Association?

The TSU Athletic Association is an organization of alumni and fans that offers financial support to the University's 13 athletic teams and their student-athletes. In recent years, the amount of state funding for TSU Athletics has steadily declined. In order for us to offer our fans the best product in each of our sports, we need the support of our friends and the community.

The benefits of being an Athletic Association member go beyond receiving the best seats and gifts. You will be keeping the spirit of TSU Athletics alive and competitive.
